

Anvil Studio Tutorial

Swinging 8th Notes

Referring to the circled elements from the picture below, select File / New, View / Composer, set the Show field to 8th notes, enter eight 8th notes on the staff, select the menu Track / Properties to set the "Play track with a swing rhythm".

Play the song.

It only modifies the duration of 8th notes, and the 8th notes need to be "aligned to beats", which happens automatically when the notes are added in "composing" mode, but not when they are recorded. To correct recorded timing mistakes, first use Track / Align like this:
